

## **FDSC – BASIC SKI TEST**

The following criteria will be used to assess whether an individual meets the requirements for passing the FDSC Basic Ski Test.

The slope should be gentle with a good run out.

1. Walking, climbing, sidestepping in all directions
2. Simple turns such as step and bullfighter turns
3. Straight running
4. Gliding wedge
5. Stopping – natural, stepped and wedge
6. Wedge turns to a stop both left and right
7. Linked wedge turns
8. Knowledge of Skiers Responsibility Code

### **Skiers Responsibility Code**

Always stay in control, and be able to stop or avoid other people or objects.

People ahead of you have the right of way. It is your responsibility to avoid them.

You must not stop where you obstruct a trail, or are not visible from above.

Whenever starting downhill or merging into a trail, look uphill and yield to others.

Always use devices to help prevent runaway equipment.

Observe all posted signs and warnings. Keep off closed trails and out of closed areas.

Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.
